Cypress Resume is the simplest, most effective tool for resume writing in the industry. **Cypress Resume** is specifically designed for the non-writer, so that inexperienced applicants can create professional-looking resumes that will stand out in the job market. With more than 100,000 professions and 18,000 ready-made statements, **Cypress Resume** breaks resume building into 3 simple steps:

1. Enter your data.
2. Complete your job title search.
3. Choose your statements. And you're done!

BENEFITS

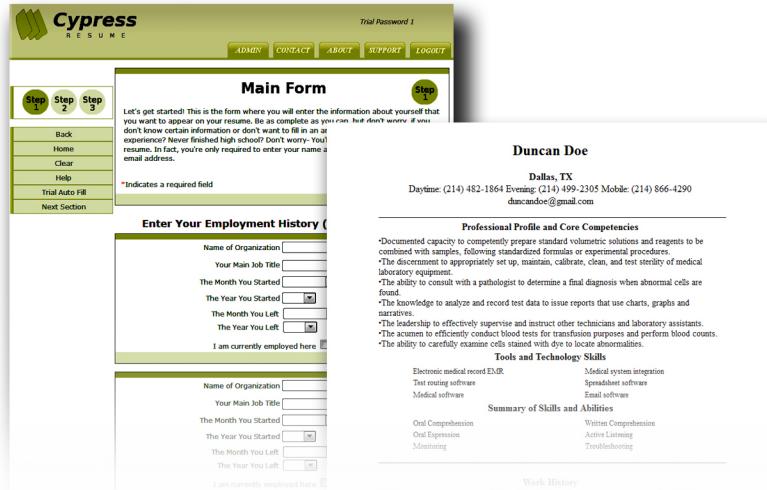

- ◆ **Resumes Made Easy**—Library patrons can create professional resumes effortlessly in minutes. The easy-to-use format eliminates the need for assistance—so you'll be free to focus on other tasks.
- ◆ **Speak the Language**—Resumes need to grab the attention of an employer immediately to make it through the weeding process. Cypress Resume's 18,000+ professional statements cover virtually all professions, grouping job types by core tasks.
- ◆ **No Writing Skill Required**—With Cypress Resume, there is no need to compose anything, ever. Users simply type basic information about themselves and leave the difficult task of writing concise, descriptive statements detailing abilities to us.
- ◆ **Automatic, Dynamic Document Formatting**—Finished documents will always be perfectly formatted. Our advanced algorithms dynamically adjust page layout and content volume based on the amount of information entered.
- ◆ **Supporting Documents**—Custom cover letters and reference lists allow users to introduce themselves to prospective employers. Simply select a job title and then choose from among our expertly written letters specifically geared toward that profession.

I had great enthusiasm for Cypress Resume from the branch managers in our system. We all feel that this product is immensely helpful to our patrons.

The screenshot shows the Cypress Resume software interface. At the top, there's a navigation bar with links for Admin, Contact, About, Support, and Logout. Below that is a section titled "Main Form" with a sub-section "Enter Your Employment History". The employment history section contains fields for Name of Organization, Your Main Job Title, The Month You Started, The Year You Started, The Month You Left, and The Year You Left. There's also a note indicating that the user is currently employed. To the right of the main form, there's a "Professional Profile and Core Competencies" section which includes a summary of skills and abilities, tools and technologies used, and work history. The user profile shows "Duncan Doe" from Dallas, TX, with email duncan.doe@gmail.com.
